

IF YOU SEE SAGGING OR FALLEN POWER LINES

CALL 911 immediately.

KEEP yourself and your vehicle far away.

NEVER drive through water in contact with downed lines.

DO NOT TOUCH anything in contact with the downed line or try to move it with an object.

DO NOT TRY to rescue someone who is being shocked by a downed power line.

Always assume all downed lines are **energized and dangerous**, even if they don't hum or spark.
